

# Waterproof Circuit Breakers

## Waterproof, High Amperage Surface Mount Circuit Breakers.

### Features:

- Combines switching and circuit breaker function in one unit
- Compact size and surface mount configuration protects high amperage circuits at virtually any location: ideal for windlass, bow thrusters, high power feeds to distribution panels in boat and trucks
- Trip delay curve accommodates high surge amperage for motor start
- Push to disconnect button de-energizes circuit for maintenance
- Latch arm resets breaker after overload, but cannot be held in "ON" position if short remains on circuit
- 1/4" terminal studs with protective covers secure wiring
- Waterproof - ideal for marine and truck applications
- Ignition protected for safe use in gasoline powered applications
- Available in clam shell retail display pack, or bulk packed 12 per case lot

Model	Amperage
WBS-50	50A
WBS-80	80A
WBS-100	100A
WBS-120	120A
WBS-150	150A

### Electrical Specifications:

**Voltage:** 42 VDC  
**Amperage Ratings:** 50-80-100-120-150  
**Trip Sensing:** Thermal  
**Max Interrupt Current:** 3000 amps

### Mechanical:

- High impact plastic molded case
- Ignition Protected
- Water Proof
- 1/4" termination studs with protective covers.

**Case size:** 1-7/8" W x 2-7/8" D x 1-3/4" H

**Mounting:** 2 ea. 1/4" holes, mounting hardware not provided.

**Weight:** .2 lbs.

**Warranty:** Two Years

*DC Power Onboard*
